**DG09**

# DG09

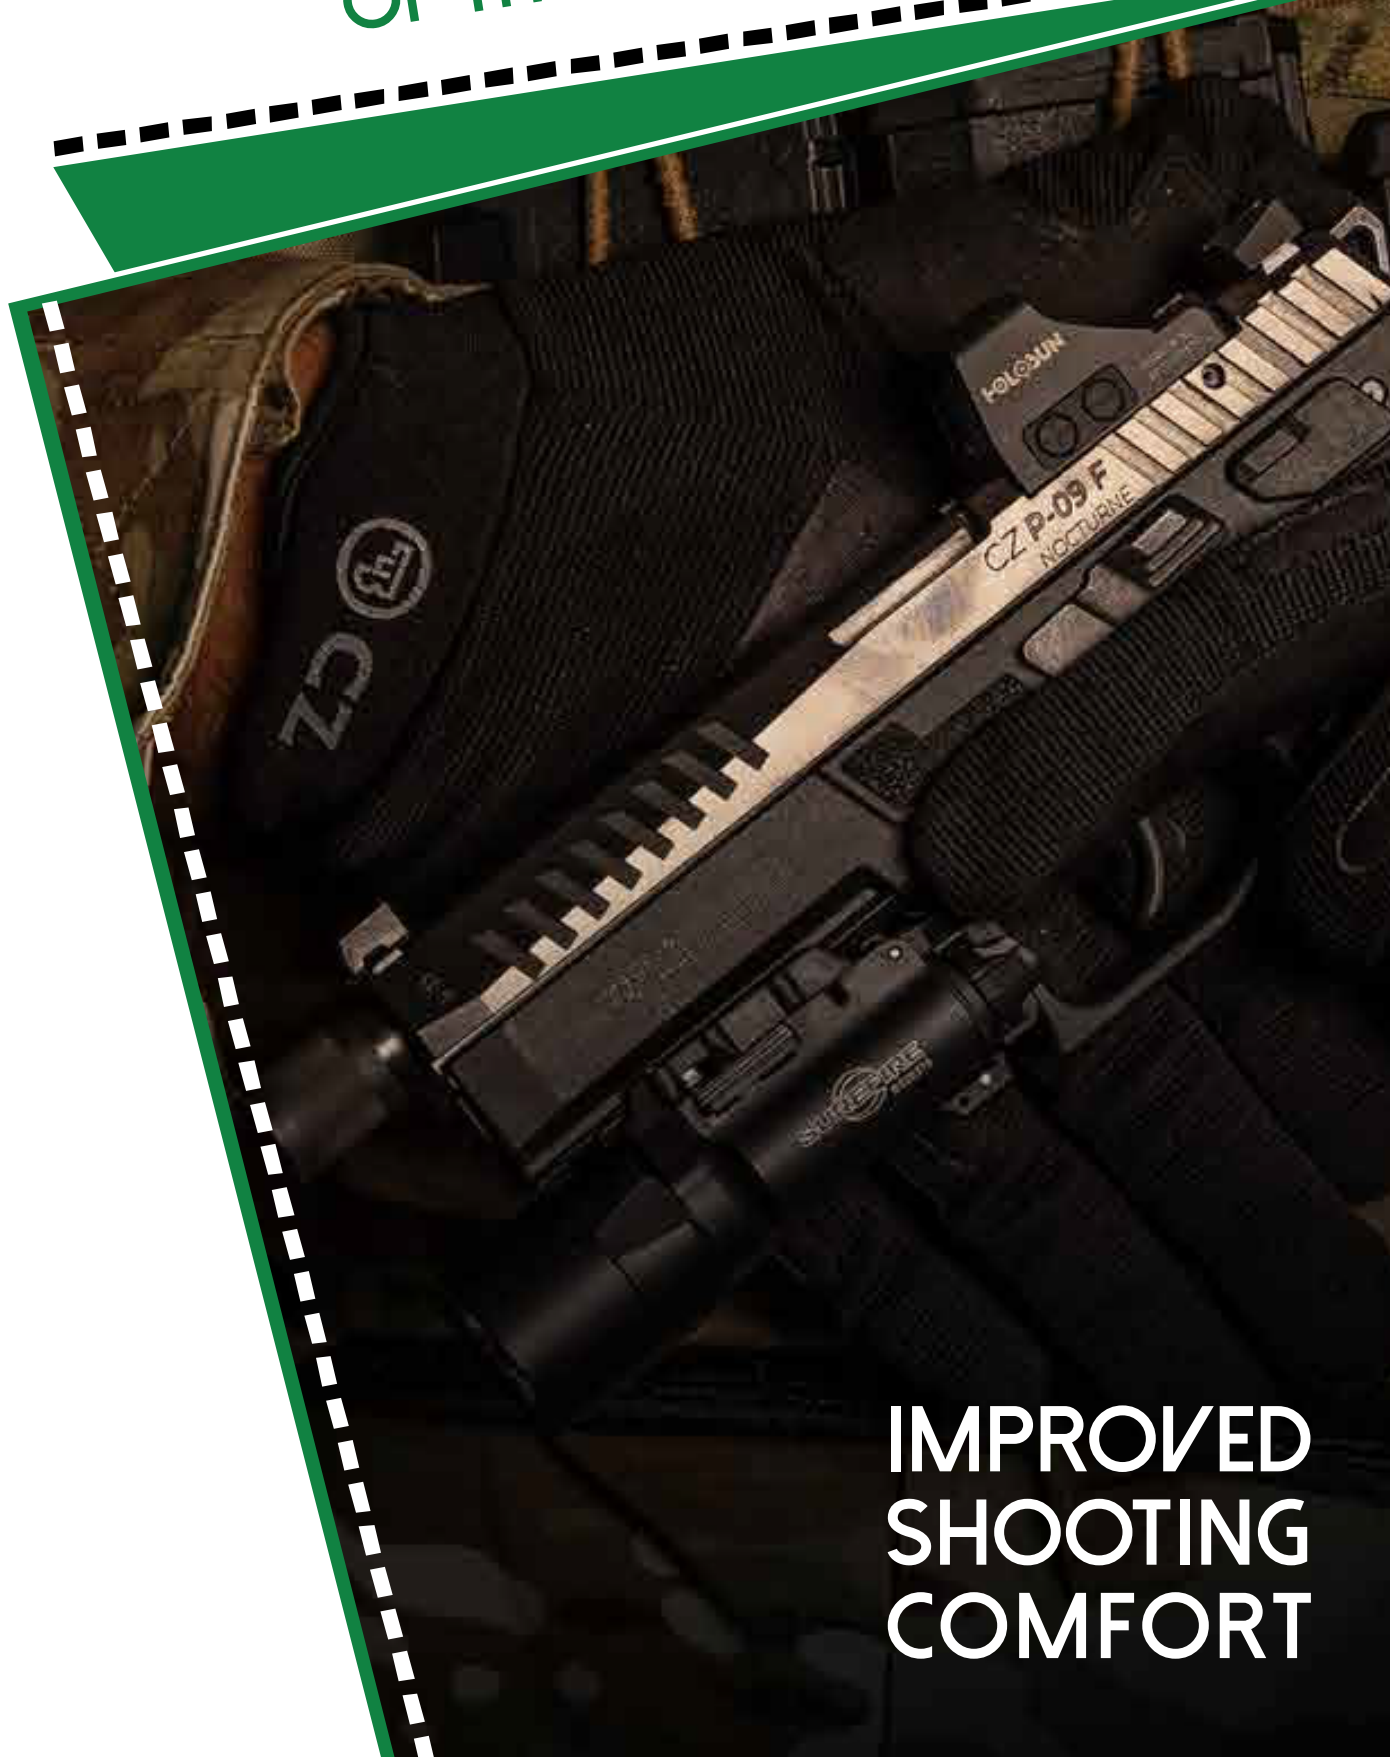

## **Third generation of the successful polymer pistol series**

### **with the OMEGA SA/ DA Trigger Mechanism**

The new DG09 NOCTURNE F (Full-size) and C (Compact) models not only retain all key features of the previous CZ P-07/09 generation, but in some ways takes them even further. It comes with improved ergonomics, the ability to mount a red dot sight without a plate, and controls that further expand the features found in the CZ P-09 family.

# NOCTURNE SERIES

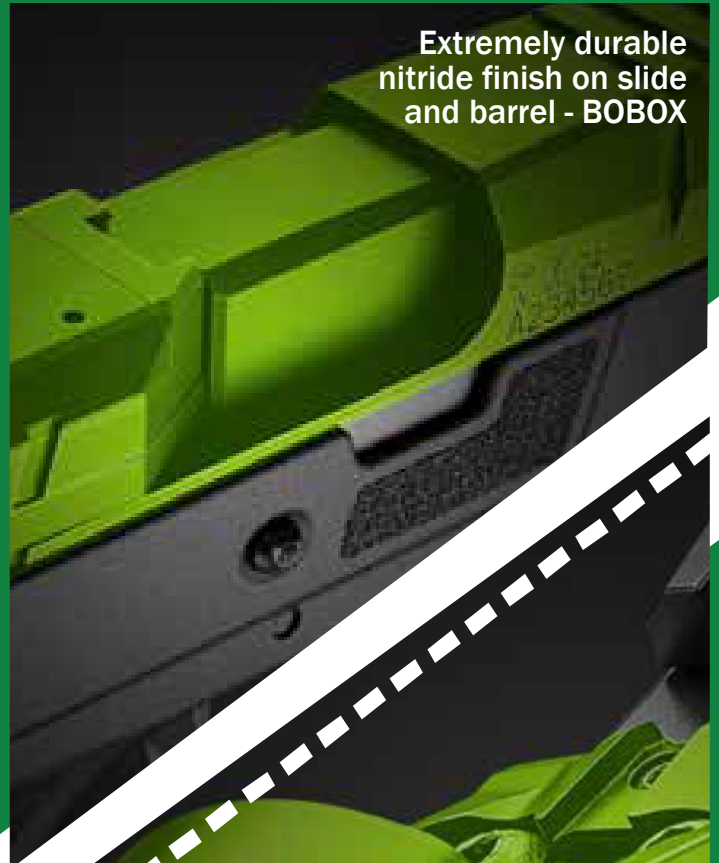

# GENERATIONAL UPGRADE OF THE DG09 SERIES

IMPROVED  
SHOOTING  
COMFORT

# MAIN FEATURES

Extremely durable  
nitride finish on slide  
and barrel - BOBOX

New Optics-Ready interface  
compatible with Shield RMS  
and Holosun K footprints

Three sizes of  
interchangeable  
backstraps to  
modify grip

Omega SA/DA trigger  
mechanism

Flared and textured magazine base pad for quick and confident manipulation

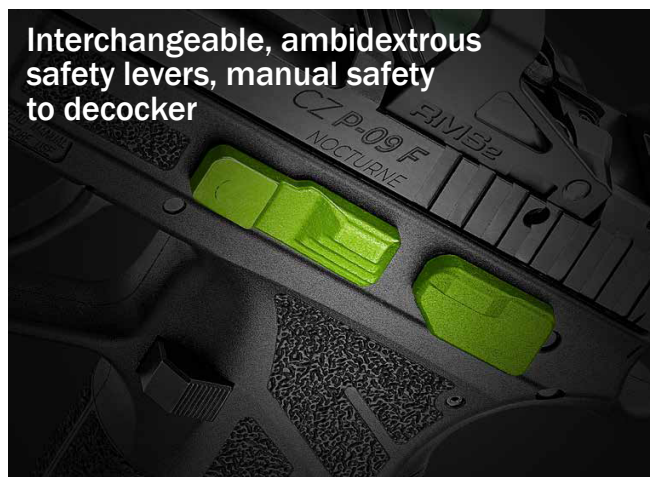

Extremely durable fiberglass-reinforced polymer frame with an enhanced grip texture

Luminescent sights provide convenient, high visibility in low indoor or outdoor light

# MAIN FEATURES

Interchangeable, ambidextrous safety levers, manual safety to decocker

Enhanced front cocking serrations

## FULL-SIZE DG09

9X19 19 • 9X19 NATO 19

The full-size version of the CZ P-09 NOCTURNE with OMEGA SA/DA trigger mechanism features advanced ergonomics and intuitive placement of controls for maximum comfort with intuitive operation. High accuracy is ensured by its full-size, cold hammer forged barrel and luminescent or tritium sights. New texturing on the grip and other strategic areas provide high traction where you need it most.

Model:	DG09
Caliber:	9 × 19, 9 × 19 NATO
Magazine Capacity:	19
Weight with empty magazine(g):	830
Dimensions L×W×H (mm):	208 × 37 × 150
Barrel length (mm):	115
Sights:	Luminescent, Tritium
Thread:	No
Trigger Pull (N):	SA: 21 DA: 44 ± 2
Trigger Travel (mm):	SA: 10 ± 1 DA: 13 ± 2
Trigger Reset (mm):	7 ± 1
Frame:	Fiberglass-reinforced polymer
Safety Features:	Manual safety/decocker, Safety notch (on hammer), Firing pin block

**Model:** DG09

**Caliber:** 9 × 19, 9 × 19 NATO

**Magazine Capacity:** 15

**Weight with empty magazine(g):** 740

**Dimensions L×W×H (mm):** 185x37x137

**Barrel length (mm):** 95

**Sights:** Luminescent, Tritium

**Thread:** No

**Trigger Pull (N):** SA: 21 DA: 44 ± 2

**Trigger Travel (mm):** SA: 10 ± 1 DA: 13 ± 2

**Trigger Reset (mm):** 7 ± 1

**Frame:** Fiberglass-reinforced polymer

**Safety Features:** Manual safety/decocker,  
Safety notch (on hammer),  
Firing pin block

## COMPACT DG09

9X19 15 · 9X19 NATO 15

The reduced, compact dimensions of the DG09 NOCTURNE C make it the perfect choice for concealed carry. Although smaller than the full-size version, it retains the same cutting-edge features, intuitive operation and extreme shooting comfort.
